

# MADE IN WIGAN

**Uncle Joe's Mint Balls** are still manufactured using the same traditional methods as when Mrs Santus originally made the sweets in her kitchen in 1898. The completely natural **secret recipe** has been passed down through the ages.

**The Healthy Biscuit Company** has created an inspirational collection of **sugar free biscuits and chocolate**. Biscuits are available in a range of flavours to suit all tastes; shortcake, oat, lemon and chocolate & orange. **Suitable for slimmers - or diabetics** - who need to manage their sugar intake.

For the discerning whisky drinker, **Red Rose whisky** is accepted and appreciated far and wide.

The secret of Red Rose lies in the blend of fine scotch whiskies with the special high **quality local water**.
